Accessing information on the go – AustLII app

AustLII recently released the new AustLII app to make it even easier for its users to access AustLII on the go.

In the first week of its release on 31 May 2011, the AustLII app was downloaded over 2000 times from the Apple iTunes App Store. To date, its download rate has exceeded 5000 and it has a five star rating.

The AustLII app is ranked #13 in the Reference category for free apps. The AustLII app's first rating stated that: "So the rumours are true, there is an AustLII app! This thing is a godsend."

Other ratings received include:

"AustLII is one priceless resource! Thank Goodness it's free and now that it's on the iPhone, it's officially the best app ever"

"I love AustLII. I use it all the time for Uni. Having it on the phone means that bus trips can (potentially) become educational! Looking forward to learning heaps from now on."

"Been waiting for this app and, for a first (free) release it doesn't disappoint. Easy to use, clean interface and links to most of the useful databases." ...

The AustLII app provides instant access to decisions and legislation from Australian jurisdictions.

The first version of the AustLII app is available for Apple iPhones and iPod Touch. AustLII plans to release versions for the Android and other mobile platforms in the near future.

AustLII contracted Daniel Kiley from Hessian Apps to develop the AustLII app. Daniel Kiley is a Solicitor at Kelly & Co Lawyers in Adelaide.

To download the free AustLII app, please visit: www.austlii.edu.au/austlii/apps/ios/
